

SCAM 2; GET OUT OF DEBT FOR LIFE PROGRAM

Hello,

I am the mailer of this invitation, and just one of the many people in the Easy Money, Compound Leveraging, Educational Program, who is determined to help YOU become financially independent!

.... Have you ever wished that you could find a money creating, mail order program that is simple enough, and cheap enough to promote, that all you need to do, is get in, tell a few friends about it and get Rich Quick, without leaving the comfort of your own home?

Well, my friend,You have finally found it!

I recently became involved in this plan, by responding to a flyer just like the one below this letter. I spent only \$5 out of my pocket to get started, and began receiving envelopes with money inside them, just a few days after entering the program.

.. I could not believe my eyes, at first, because I had not even had time to tell anyone about the program, so I dug through the pile of other mail order junk on my desk, and I found the information on the Life Without Debt Plan, that I had received the previous week and I Re-read every word trying to find a catch, because I was sure there must be one!

Guess What,!!! The catch is there is no catch!

.. I also called the person who mailed me the plan, to ask how this happened so fast! He explained the plan, as best he could, but said he did not know much, except that he to was receiving money in the mail almost daily, yet he had only started advertising, by mailing a few flyers each week.

. I know the plan can work for YOU too! Give it a try! You have nothing to loose and everything to gain!

..Return your completed Form Below, and \$5 cash, to the computer center as soon as possible, and they will mail you an information kit detailing the plan and how it works. If you decide not to participate, there is no further obligations.

If you decide to participate, the first level plan is only \$5/week. When you submit your first

months dues, the computer center will place up to five people below you from your uplines mailings just to help you get going!

If you are as excited about this plan as I was, send in \$30 cash to start. This would be \$5 for the informational packet and \$25 for your first months dues. This will allow you to get started on your way to being out of debt about a month faster than if you only send in the \$5. But it is your choice.

.They only accept cash because they turn it around immediately and send it out to the people already in the program. They don't have time to deal with cashing checks and tracking down bad ones which is time consuming and costly.

..... If you need to contact me to ask questions,

Email me at: myusername@myisp.com

.. I will be happy to answer any questions you have about this fantastic opportunity. If I can, although I'm new to the program, and to tell you the truth, I don't care how it works, because I know it works, Even if I don't understand everything! Lord Knows, What would happen, if I knew how it works!!
